

Table 1: Comparison of SNH and control weekly daytime trapped spider counts by seasonal period (Wilcoxon signed-rank test)

seasonal period	p value	effect metric	effect magnitude
weeks 23-25	0.043	0.695	large
weeks 26-31	0.797	0.071	small
weeks 31-34	0.890	0.131	small
